Negle secured the services of Constable Gutzweiler and they went to Huntingburg Tuenday in search of some clue to the missing twain, with what success we have not learned.

It is said Schwartzmiller's domestic life has not been as happy as a teacher's ought to be, and that he has frequently pined for the liberty of single blessedness in the last few months. As he was a prominent school teacher in that township, and Mary the daughter of a well-to-do farmer, their actions have maturally caused a great deal of comment.

## Don't Spill the Milk.

"There is no use crying over spilled milk," says the old saw. If you are not only bald, but have no life in the roots only bald, but have no life in the roots of your bair, there is no use crying over that, either. Take both time and yourself by the forelock while there is a forelock left. Apply Parker's Hair Balsam to your bair before matters get worse. It will arrest the falling off of your bair and restore its original color, gloss and softness. It is a perfect dressing withal, clean, richly perfumed, cools and heals the scalp.

restores, with the gloss and freshness of youth, faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened, and baldness often, though not always, outed.

It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures scurf and dandruff, and heals nearly every disease poculiar to the scalp. As a Ladies' Hair Dressing, the Vigor is unequalled: It contains neither oil nor dye, renders the hair soft, glossy, and silken in appearance, and imparts a delicate, agreeable, and lasting perfume.

Mr. C. P. Barchen writes from Kirby, O.,

MR. C. P. BRICHER writes from Kirby, O., July 3, 1827: "Last fall my hair commenced falling out, and in a short time I became nearly baid. I used part of a bottle of AVER'S HAIR Victors, which stopped the falling of the hair, and started a new growth. I have now a full head of hair growing vigously, and am convinced that but for the use of your preparation I should have been entirely baid."

J. W. Bower, proprietor of the McAribur (Ohio) Enquirer, says: "Aver's Harm Vision is a most excellent preparation for the hair. I speak of it from my own experience. It are promotes the growth of new hair, and makes it glossy and soft. The Vision is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give entire estimates."

Mr. Awove Farmarnz, leader of the celebrated "Fairbaire Family" of Scotlish Vocalists, writes from Heaton, Mosa., Ptb. 6, 1880: "Ever since my hair began to give allevery cridence of the change which fleeting time procureth, I have used Avan's Harm. Vinch, and so have been able to maistain an appearance of youthfulness—a matter of considerable consequence to ministers, or love, actors, and in fact every one who lives to the consequence to ministers.

Mrs. O. A. Pricagott, writing from 18 Elm. St., Charlestorn, Miss., April 14, 1882, says: "Two years ago about two-thirds of my hair came off. It thinned very rapidly, and I was fast growing hald. On eating AYER's HAIR Vision the falling stopped and a new grawth commenced, and in about a month my head was completely covered with short huir. It has continued to grow, and is now as good as before it fell. I regularly used but one bottle of the Vision, but now use it occasionally as a dressing."

We have hundreds of similar testimonials to the efficacy of AYER'S HAIR VICOR. In more do but a trial to convince the most skepti-cal of liq value.
